DEATH AND RUIN IN CYCLONE WAKE

Town of Alexandria, La., Is
Laid Waste

Rich and Populous Farming District
Stricken By Awful Wind With-
out Warning.

AT LEAST TWENTY ARE DEAD.

Dallas, Tex., April 5.—A report was received here today saying at least 20 persons were killed and 100 injured by a cyclone early this morning at Alexandria, La. The storm is said to have been one of the worst that ever visited this section, and wrought appalling havoc. A great part of the town is in ruins. Fifty houses are reported torn to pieces. Several stores and factories are demolished. A wide area was cut through the town extending for miles through a rich, populous farming district. The cyclone came without warning and people were caught helpless in their homes.

Four Bodies Recovered.

Alexandria, April 5. (2:30 o'clock).—Four bodies have been taken from the ruins and it is known that at least nine are dead. Many injured are in the hospitals, some serious. Destruction to property is enormous. The loss is not estimated.

DANGER IN RICHES, SAYS BRYCE

Claims Gift Is Unknown in Switzer-
land Because of Poverty.

Toronto, April 5.—James Bryce, British ambassador to the United States, was the guest of the Canadian club at a banquet today. Mr. Bryce spoke on "Some Lessons in Modern Democracy as It Is in Switzerland." He said that the Swiss had avoided the dangers which usually beset Democratic countries by reason of its poverty. Gift was also unknown in the country. With respect to Canada he feared that the country was destined by nature to be rich and would have to count on feeling the drawbacks which accompanied wealth. Mr. Bryce declined to commit himself as to the course he should follow as to Canadian affairs. He declared he would make it his paramount duty to see that Canada received every consideration.

NO CHURCH SOCIETY MERGER

Disciples of Christ Vote Down Propo-
sition for Combination.

Cincinnati, April 5.—The refusal to merge the educational and home and foreign missionary societies of the church and a plea for 2,000 young preachers to fill unoccupied pulpits were the features of the meeting of the American Christian Educational Society of the Disciples of Christ today. The society merger proposition came before that church by combining the American Christian Educational society, the American Christian Missionary Society and the Foreign Christian Missionary Society. A negative decision was given almost immediately. It was asserted that it would be unwise to combine the management of the forty colleges of the denomination with the diverse interests of the two missionary societies.

HOLLAND IS RELEASED BY COUNTY GRAND JURY.

Cecil Holland, of Rives, Tenn., was released from jail yesterday afternoon the grand jury failing to find a indictment against him for disposing of property not his own. Holland is 30 years old, was formerly employed in S. B. Gott's restaurant. While walking near Rives on the railroad track with several relatives, he picked up a broken watch. It was that of Fireman James Crow, who had dropped it from his engine cab. Holland had it repaired, and failing to find an owner, disposed of it.

More Rebate Scandal.

Syracuse, N. Y., April 5.—Papers intended to show there was a contract between the General Electric company and the New York Central Railway company, by which the railway company was to give freight rebates to the General Electric company, were introduced in evidence during the trial of the case against the railroad company, in the United States court here today.

WEATHER FORECAST.

RAIN.

Showers tonight and Saturday.
Colder tonight. Highest temperature
yesterday, 78; lowest today, 57.

WILL FACE CHARGE.

Chicago, April 5.—Frank Con-
stantine, accused as the slayer of
Mrs. Arthur Gentry, will face a
jury on the charge of murder
within a week after his arrival
in Chicago. Despite Constantine's
story that Mrs. Gentry cut
her own throat, officials declare
they have sufficient evidence to
convict him.

AN AUTOPSY.

Louisville, April 5.—The cor-
oner will hold an autopsy to de-
termine the cause of the death
of Mrs. O. H. Scroggin, of Mem-
phis, who died last night from a
dose of veronal. She had been
stopping at The Seelbach all
week and went to an infirmary
in a highly nervous state. She
was found in a stupor shortly
after. A check for \$800 was
found in her effects.

VETERANS STABBED.

Dayton, O., April 5.—Five
veterans of the Civil war were
stabbed last night while asleep
at the Soldiers' Home. Two may
die. William Huffman wielded
the knife. His mind was weak-
ened by excessive drink and he
imagined the others plotted to
kill him. Huffman was over-
powered after a terrific struggle.

BLOODSHED.

Pomery, O., April 5.—The
first bloodshed in the miners'
strike occurred last night, when
Charles Campbell, a strike
breaker, was seriously shot by
John Walters, a union miner.
Campbell claims Walters was
stoning his house. Campbell is
in jail.

DISSOLUTION.

St. Petersburg, April 5.—Early
dissolution of the duma is
predicted today by persons high
in authority, following the dis-
cussion of the budget which is
now being considered by parlia-
ment. If the budget is rejected
the duma will be unable to pro-
ceed.

TROOPS ON GUARD.

Lorain, O., April 5.—Follow-
ing riots here last night, in
which one man was shot and a
Pinkerton guard injured by a
stone, the local company of the
national guard is under arms by
order of Mayor King. If rioting
is resumed around the plant of
the American Ship Building
company troops will be ordered
on guard.

TAFT LEADS.

St. Paul, April 5.—A poll of
the Minnesota legislature today
on the Republican presidential
candidates, exclusive of Roose-
velt, resulted: Taft, 45; La Fol-
lette, 18; Root, 16; Hughes, 6;
Cannon, 2; Dilliver, 2; Fair-
banks, Beveridge and Cortelyou,
one each. The legislature is
strongly Republican.

FOLK RELENTS.

Jefferson City, Mo., April 5.—
Governor Folk today commit-
ted the sentences of Julius Leh-
man and Emil Hartman, to be
released June 15. They were
members of the St. Louis munic-
ipal assembly, convicted of hood-
ling, during the noted crusade
of the governor, then Circuit At-
torney Folk. Both had several
years to serve.

GRAIN MARKET.

Cincinnati, April 5.—Wheat,
78; corn, 49; oats, 46 1-2.

—This evening at the production
of the Flower Carnival the mayor
and board of aldermen will occupy
one of the boxes.

ODD FELLOWS DAY TO BE BIG EVENT

Metropolis' Committee Work-
ing Hard

Many Excursions Will Carry Large
Crowds To Interstate Outing
April 26.

SOME PROMINENT SPEAKERS

Metropolis, Ill., April 5. (Special.)
—Plans for the entertainment of the
Interstate Odd Fellow's association,
which meets here Friday, April 26,
are progressing apace, and Metropo-
lis expects to make this celebration
the banner one of the history of the
organization. The fact that all the
southern Illinois towns, who drew off
last year are back in the fold, adds to
the enthusiasm and the hopes of the
promoters of the big occasion.
Among the features will be an I. O.
O. F. parade, with a half dozen bands
which will compete for a prize; fine
speaking by prominent and eloquent
members of the order; Rebekah de-
gree work; subordinate degree work;
an excursion on the river; a fire com-
pany drill; a grand ball and a visit
to Fort Massac. Parthenia Rebekah
Jodge, of Cairo, will exemplify the
Rebekah degree work, and it is prob-
able that John J. Brown, of Vandalia,
past grand master of Illinois, will
make the principal address.

The excursions will be run from
Paducah, the Cowling making four
trips that day; and from Cairo, Jop-
pa, Mound City and Paducah by the
Fowler. The Illinois Central rail-
road has offered half rates.

WEILLES' BALL TEAM.

Latest Addition To Paducah's Am-
ateur Organizations.

The "Weilles" is the name of Pa-
ducah's newest baseball team, and
the backer, Colonel Ben Weille,
claims to have the best team in west-
ern Kentucky. The lineup contains
several professionals, and a game will
be played as soon as a date can be
arranged with the "Calley's." The
players from which the "Weilles" will
be picked are Harry Cooper, ss.;
Kenney Murray, lf.; "Dutch" Robert-
son, 3b.; Will Davis, ss.; Ed Hart,
Emmett Arnold, pitchers; Ed Bra-
hie, Bob Hayes, c.; Layton Luttrell,
Waggoner, 1b.; Joe Bergdoll, cf.;
Hesslan, 1b. John Holland is man-
ager of the team. Cooper, Brahie and
Murray have all had league experi-
ence and are fast men. The others
are amateurs, but fast candidates for
league baseball. "I never do any-
thing by halves, and want to say
that the "Weilles" will be the fastest
team in western Kentucky." Colonel
Ben Weille jubilantly declared this
morning. Suits will be ordered to-
day for eleven men.

Methodist Bishop Dies.

New York, April 5.—News of the
death in Hongkong of Bishop James
N. Fitzgerald, of the Methodist Epis-
copal church, was received today by
the Methodist Book Concern in this
city. Pleurisy was the cause of death.
The bishop's home was in St. Louis.

SANTIAGO AFIRE AND HAS NO WATER

Havana, April 5.—Dispatches from
Santiago say the town is on fire and
it is feared it will be totally destr-
oyed. Scant details are given, but it is
stated no water is available for fight-
ing the flames.

MYSTERY IN FIRE OVER PAWN SHOP

Damage to Extent of Several
Thousand Dollars Results
From Blaze Discovered By
Merchant Policeman

DEPARTMENT DOES GOOD WORK.

Fire originating in some mysteri-
ous manner did several thousand
dollars damage at Ben Michael's
pawn and general merchandise store,
211 Broadway, last night between 11
and 12 o'clock. The fire originated
in the rear of the second floor among
a lot of furniture stored there by
Lucille Agnew.

Merchant Policeman William Pres-
nell discovered smoke coming from
the upper windows. He turned in
an alarm and No. 1 fire company an-
swered. The fire had not gained
much headway, because all the win-
dows were down, and the fire was
smoldering, eating its way slowly to-
wards the front. The firemen threw
a great deal of water on it, and with-
in an hour had the last spark ex-
tinguished.

The principal damage was done by
water which soaked through the walls
and drenched goods downstairs. A
large stock of guns was damaged
slightly by the dampness rusting the
metal parts. Clothing on the first
floor suffered damage from water,
and the ceiling fell in great masses,
necessitating a thorough plastering
of the walls and ceiling.

Michael is unable to estimate the
amount of damage. He says, how-
ever, that it will amount to several
thousand dollars. Insurance will
cover the loss.

ATTACKED A YOUNG GIRL AND GETS LONG SENTENCE.

For detaining Miss Nellie Stevens,
a Cumberland telephone operator on
Sunday night, January 20, 1907, Ar-
thur Trice, colored, was sentenced to
three years in the penitentiary this
morning, the jury being out less than
two hours. Miss Stevens, who came
here from Dyersburg, was going
home on South Third street from
work shortly after 6 o'clock. She
passed the St. Nicholas hotel where
Trice worked as porter, and he at-
tacked her twice.

DARNING NEEDLE PIERCES BREAST

Narrow Escape From Death
by Metropolis Man in Pecul-
iar Accident While Carry-
ing Lumber

POINT BARELY MISSES HEART.

Metropolis, Ill., April 5. (Special.)
The life of Charles Coyle a mill
in the life of Charles Coyle a mill
employee of this city, was spared
while he was carrying lumber to the
mill, a darning needle penetrated
his left breast to the depth of two
inches, barely missing his heart. He
habitually carries a darning needle
in his vest on the left side. When
the accident happened he was drop-
ping a load of lumber from his
shoulder, throwing it forward. As
the lumber turned the end, balanced
on Coyle's shoulder, dipped and
struck the head of the needle, driving
it straight into his breast. He was
compelled to call help to extricate
the needle.

PADDING PAYROLLS.

Manila, April 5.—Capt. Fred
Cole, quartermaster, and
F. P. Thornton, former chief
clerk in the quartermaster's de-
partment, are accused in criminal
court of padding payrolls in the
quartermaster's department.
It is claimed thousands of dol-
lars have been illegally secured.

COUNTY ROADS

Will Not Receive Much Attention
This Year.

"With an increase of nearly \$2-
000,000 in the county assessment
with the same tax rate as last year,
75 cents on the \$100, the county will
have enough money to wipe out ev-
ery debt and next year will go in
for many improvements. The most
rigid economy will be observed, how-
ever," said Road Supervisor John-
son.

One department where economy
will be carefully observed will be
in county roads. County Road Super-
visor Bert Johnson does not believe
he will spend one-sixth as much this
year as last year. He stated:
"Last year the county spent \$30-
000 for county road improvements.
This year I doubt if \$5,000 will be
spent. We shall repair only when
necessary, and have no great amount
of new work to do."

LIGHTNING BOLT COMES DOWN KITCHEN CHIMNEY.

Lightning struck the kitchen flue
at the residence of Charles Wagner,
an engineer on the Illinois Central
railroad, who resides at 1015 Mon-
roe street, during the storm last night.
The bolt came down the chimney and
passed out a rear door, doing on
damage aside from frightening the
occupants.

Lewis to Lead Zion.

Chicago, April 5.—Gen. John A.
Lewis is to become successor to John
Alexander Dowle in Zion City in ac-
cordance with the will of the late
leader. Trustee Lewis, who was a
close friend and advisor of Dowle,
today announced his intention of
accepting the charge. The will of Dowle
was drawn August 6, 1906.

HEAR COMPLAINT OF MINE OWNERS

At Least One Member of Com-
mission is Coming

Both Coal Mine Owners and Illinois
Central Will Have Attorneys
Present.

TO BE HELD IN CUSTOM HOUSE

T. B. Dean, of Louisville, repre-
senting the interstate commerce com-
mission, is in the city today on busi-
ness connected with the sitting of
that body in Paducah in the near fu-
ture. Mr. Dean would not disclose
any of the plans of the commission
for the Paducah hearing of the com-
plaints of coal operators against the
Illinois Central railroad, but said
that the pressure of duties of the
commission in the east had made it
necessary to postpone the investiga-
tion here.

As announced before, it is prob-
able that only one of the commis-
sioners will be in Paducah. This is in
accordance with a decision of the
commission, which was that sittings
of all the members will be had only
in cases of extraordinary importance.
The commission is over-run with
work and the Harriman investigation
has necessitated a longer stay in the
east than was expected. In these hear-
ings, both sides are allowed to pre-
sent testimony and it is probable that
the Illinois Central will be repre-
sented either by local or special
counsel from Chicago. Mr. Dean said
in his former visit to the city that
only one day would be given to the
hearing here, and it is probable that
the session will be held in the fed-
eral court room at the custom house.
He expects to leave tomorrow and
will announce the date of the sitting
here whenever he receives official
notice. Following is a dispatch from
Washington relative to the commis-
sion's plans for attending to the in-
creased business.

To Take Care of Work.

By designating four of its experi-
enced and trusted employes as spe-
cial agents or examiners, with pow-
ers that practically make them de-
puty commissioners the interstate
commerce commission has taken the
longest step which it has attempted
under the new law, toward increas-
ing the efficiency and responsiveness
of its organization to meet the re-
quirements of increased duties.

Hereafter the commission will
seldom be found sitting as a board
to hear testimony about unimportant
complaints. When something of suf-
ficient importance is involved, sev-
eral of the commissioners will sit
en banc; but the usual course will be
for a commissioner, or one of the
newly created special agents to con-
duct hearings and take testimony,
which will be reviewed by the com-
mission before deciding the case.

The special agents created at the
initiation of this plan are Martin S.
Decker, assistant secretary of the
commission; Patrick J. Farrell, John
H. Marble, and Luther M. Walton,
who have been assistant attorneys to
the commission.

McChord Is Coming.

Paducah will be visited by Hon.
Charles McChord, chairman of the
state railroad commission, in a short
time.

State Senator J. Wheeler Camp-
bell is in receipt of a letter from
Chairman McChord. He says:

"The delay in the visit of the
commission, Mr. McChord tells me,
is the pressing business the commis-
sion has had in the east. The rail-
road investigations have kept the
commission very busy and just when
it can come is indefinite. Mr. Mc-
Chord will come here for a confer-
ence to arrange a suitable time of
meeting for all concerned which
will necessarily be after the present
business of the commission has been
disposed of."

Lots of Concrete Work.

It is estimated that \$100,000 will
be expended this year for concrete
work in Paducah. "Last year there
was more cement work done in Pa-
ducah than in five years past, count-
ing the city and private work," Robert
Boswell declared.

WELL KNOWN KUTTAWA MAN.

With the waves of the river lay-
ing his head and his body held out
of the water by a tree limb, J. W.
Money-maker, of Kuttawa, the tie
hand on the towboat Birmingham,
who fell overboard March 7 and was
drowned in the Tennessee river, was
found last Thursday by the steamer
J. T. Reeder near Waterloo, Ala. The
place where he was found is fifteen
miles from where he fell off the Bir-
mingham, and his body was caught by
a tree limb, which protruded above
the water. His body was badly de-
composed. The crew of the Reeder
buried him on the bank near where
he was found. News of the finding
of the body was brought to the city
by the steamer Kentucky this morn-
ing. Money-maker is supposed to
have walked off the Birmingham for
there were no witnesses of his drown-
ing. They looked for his body but
did not find it, and all the other Ten-
nessee river packets and towboats
kept a lookout until it was found by
the Reeder.

THEATRICAL NOTES

AT THE KENTUCKY.

Tonight, Flower Carnival, D. A. R. Benefit.

Saturday matinee, Flower Carnival.

Monday, Blanche Bates, in "The Girl of the Golden West."

Friday, "The Lion and The Mouse."

The Flower Carnival.

Final preparations have been completed for the beautiful Flower Carnival which takes place at the Kentucky theater this evening at 8 o'clock. Children and grown ups, decked in exquisitely fashioned costumes will present one of the most elaborate and pleasing spectacular performances, ever given here by local talent, and will out-rival many professional ones. Time nor expense has been spared in the getting up of this affair, each matron and child vying with the others in friendly rivalry to make her particular dance the very prettiest. The entire production is under the management of Prof. John A. Mahler, himself a student of Kirtley Bros., who is now ready to show Paducah people something beautiful in the extreme. Thomas L. Wheelis, the electrician of the Kentucky, under the direction of Prof. Mahler, has been untiring in his efforts, to make this his best effort. The garden scene will cause wonder and admiration, the entire stage being ablaze with hundreds of lights and many unique electrical effects will be introduced, among which will be suspended from the ceiling the letters D. A. R. formed by hundreds of miniature electric red, white and blue lights. The costumes are visions of loveliness and the pretty maids and misses will never look more charming. This production has not been planned on a cheap scale, but much time and expense laid out. The curtain will rise promptly at 8 o'clock, and all

are politely requested to be in their seats at this hour.

The Sayings of Blanche Bates as

"The Girl of the Golden West."

The Girl—"Do you think you can play poker, Mr. Johnson?"

The Road Agent—"Well, that's my conviction."

The Girl—"Out of every fifty men, who think they can play poker—there's just one that ain't mistaken."

The Girl—"I told the boys, if a road agent'd come in here, I'd offer him a drink, an' he'd treat me like a perfect lady. What'll you have, Mr. Johnson?"

The Girl—"I ain't boatin', but if keepin' a saloon don't give me a sort of position 'round here, I don't know what does. Keepin' a saloon's a great educator. You get to know things."

The Girl—"I've got you figgered out Mr. Johnson. You're either so good you're a teetotaler, or you're so bad you're tired of life and whiskey."

The Girl—"Why these men work 'till their hands are broken, their backs are bent and their souls warped. God Almighty never put it into no man's heart to make a beast of himself 'ceptin' for some woman or some child. An' anybody'd have to kill me first before he could get a penny of that money."

The Girl—"Don't expect too much of me Mr. Johnson. I only had thirty-two dollars worth of education. If I'd a had more you can't tell what I might have been."

The Girl (to Jack Rance, the sheriff)—"Remember Jack, there's some of us born good, an' some of us has to be elected."

The Girl—"A man always asks, 'who's the first one', an' a girl asks, 'who'll be the next one.'"

The Girl—"We been readin' a awful funny book at the Academy. He was a classic and his name was Dan. An' he—"

The Road Agent—"Dan—Oh! You mean Dante? And did you find Dante funny?"

The Girl—"I roared."

Trinidad Joe—"If my watch had no works and I sold it to the sher-

iff for one hundred dollars, would you have much re-spect for me? The Girl—"I'd have more re-spect for you than for the sheriff."

The Lion and The Mouse.

Theatergoers of this city will have an opportunity of seeing here on next Friday night one of the greatest American plays ever written, "The Lion and The Mouse" by Charles Klein. The play will be produced under the direction of Henry B. Harris. The success of this drama is so well known to all classes of people throughout the entire country owing to its phenomenal runs in both Chicago and New York, that it is scarcely necessary to make further statements relative to the merits of the play.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by all druggists.

"People talk about the weather because they don't like to think," remarked the man who makes a study of conversation.

"Not in this climate," answered the contradictory person. "You've got to keep your mind on it here. The weather's liable to change while you're talking about it."—Washington Star.

HARRIMAN LINES SURRENDER HARD

Western Holdings Relinquished Under Pressure

Government Not Satisfied and Will Push Investigation Into Other Cases.

THE STATUTE OF LIMITATIONS

Washington, April 5.—It was learned today that the Harriman corporations, whose ramifications extend to coal lands and other vast interests in the far west, are offering to restore to the government properties they have heretofore claimed as theirs by good and ample title. They prefer to do this rather than be prosecuted.

Coal lands worth in the aggregate millions of dollars are to be restored to the public domain as a result of recent activities of the interstate commerce commission. The commission several months ago set about to investigate the land frauds in Wyoming, Colorado and Utah. It found that this whole section was honeycombed with corruption and its reports indicated that the general land office had been either hopelessly incompetent or worse in permitting the railroad companies and their allied corporations, the Union Pacific Coal company, the Utah Fuel company and the Colorado Fuel and Iron company, to secure by various and devious methods, control of great areas of the richest coal lands in the west.

Prosecutions Are Ordered.

As a result of its investigations, the department of justice was given transcripts of testimony taken at Omaha, Salt Lake, Denver and Pueblo by Interstate Commerce Commissioners Prouty and Clark, and was directed by the president to prosecute in any cases where there was ground for prosecution.

At the first suggestion of prosecution, however the Union Pacific Coal company has capitulated. It has made a proposition to the government that it will return a large area of Wyoming coal lands to which it admits its title is worthless. The government law officers are considering this proposition, and, while final action has not been taken, it was learned today on the authority of men who have been conducting the investigation that it will probably be accepted and the lands returned to the public domain.

But this is only a beginning. The particular lands involved in the case were secured under "surveyor general's scrip." This is a sort of license issued by the general land-office to people to whom lands have been patented by error which were not really the property of the government. Errors of this kind have been of frequent occurrence. The scrip entitled the holder to his choice of an equal area of non-mineral lands anywhere within the public domain.

Owned By the Road.

The Union Pacific Coal company is a subsidiary corporation of the Union Pacific Railroad company. All the stock of the coal company, except qualifying shares for directors, is owned by the railroad company. The coal company secured control of a large amount of this scrip and used it to secure entry of lands which were rich in the finest bituminous coal of the Wyoming field. Coal lands, of course, cannot be classed as non-mineral and when the matter was taken up by the officers of the department of justice, following the interstate commerce commission's inquiry, the coal company was shown this point.

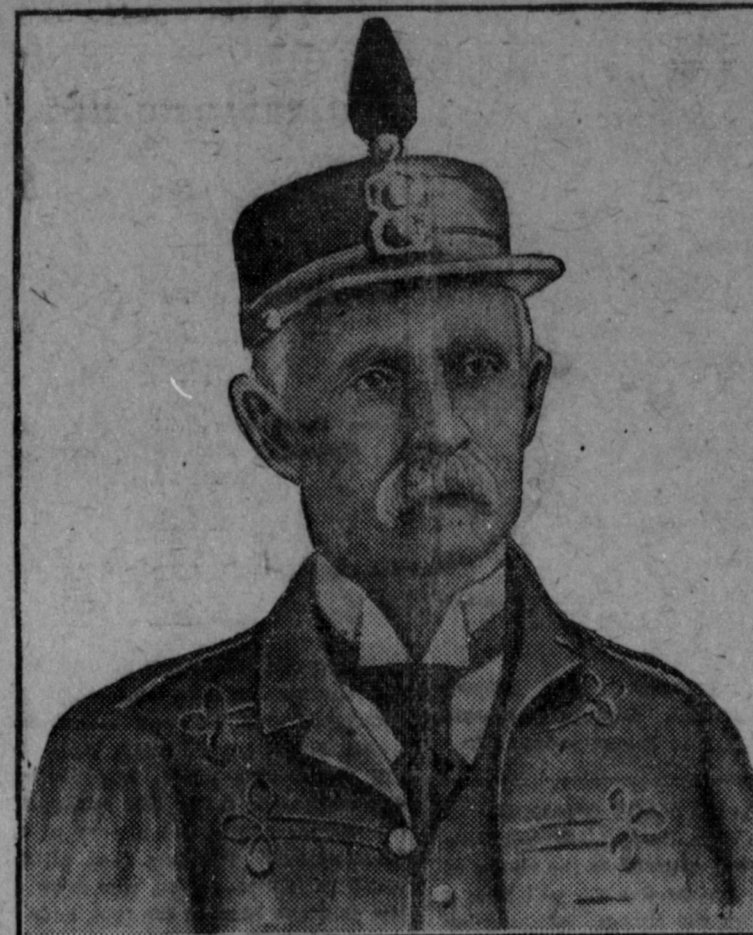

Its officers had at first insisted that there was no defect in their title, but when this question of taking mineral lands under non-mineral scrip was presented they agreed to return the lands, without waiting for any inquiry, as to the good faith of processes by which the entry of the lands and its subsequent relinquishment to the coal company was secured.

These lands were entered so long ago that the statute of limitations now runs against any criminal prosecution in connection with the entry. The title however, is subject to attack. It was intimated in the reports of the interstate commerce commissioners that but for the statute of limitations criminal actions might lie.

Other Action Likely.

As it is, the coal company is anxious to return valuable lands to the government and end the matter. But the matter will not be allowed to end there. While there is no possible defense to the title under which these scrip lands have been claimed, these, though very valuable, constitute only a small part of the coal lands now held by the Union Pacific

EMERSON'S PHILOSOPHY

Was that wherever merit is, the public will beat a path to that place. In explaining the reason of this store's steadily increasing patronage, it is interesting to note that it handles such brands as the WALK-OVER, BANISTER and ECLIPSE Shoes for men; and the ARMSTRONG, (see illustration) LAIRD, SCHOBBER CO., and THELMA Shoes for women. The shoes have sufficient merit of themselves to attract the public, but you may not have seen them, so we advertise them to your attention.

TO CURE THAT COLD

Local Druggist's Suggestion.

Said Druggist W. B. McPherson, "This is the season for coughs and colds, and for the benefit of Paducah we want to tell them the best means for a cure.

"Don't dose the stomach with cough syrups. It's no use; they only soothe a little—upset the stomach and do not heal.

"The best cure we know is Vinol, which contains in a highly concentrated form all of the healing, curative elements taken from genuine fresh cods' livers, without a drop of oil to upset the stomach and retard its work. It contains no sickening drugs whatever. Vinol heals, cures and strengthens the sore lungs and bronchial tubes. It makes rich, red blood, builds up the appetite and creates strength; in fact it is the best remedy we have ever sold in our store for chronic coughs, colds, bronchitis and all lung affections.

"We ask every person in Paducah who has a chronic cough or hard cold to try Vinol on our guarantee to return their money if they are not satisfied." W. B. McPherson, Druggist.

Note—While we are sole agents for Vinol in Paducah, it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

ARREST STENOGRAPHER.

Who Sold the Harriman-Webster-Roosevelt Letter to the World.

New York, April 5.—Frank W. Hill, a stenographer, was arrested charged with having sold to a newspaper a personal letter of E. H. Harriman. The warrant was sworn to by Alexander Miller, secretary of the Union Pacific railroad, of which Harriman is president, and it was served by a detective from the district attorney's office. Hill was locked up at police headquarters.

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from Dyspepsia, Constipation, Chills and Fever or any liver complaints, when Herbine will cure you. F. C. JEROME APPEALS FROM COMMISSION

Secures Adjournment Until Next Monday

Protests Against Exclusion From the Last Session and Is Reminded By Court.

THE WRIT OF PROHIBITION.

New York, April 5.—Harry K. Thaw was declared sane by a unanimous report of the commission in lunacy appointed to inquire into his present mental condition. Jerome vigorously protested against its confirmation by the court. He charged that he had been excluded from the last session of the commission and demanded to be allowed to have access to the minutes and stenographic notes of what transpired at the final mental and physical examination of the defendant.

When Fitzgerald declined to turn the minutes over to the district attorney, Jerome declared he would carry the case to the appellate division of the supreme court, asking that a writ of prohibition or mandamus be issued to prevent a continuance of the Thaw trial until a higher court had ruled upon the legality of the commission's course.

Fitzgerald reminded Jerome that he had waived his statutory right of attending the last session of the commission by suggesting himself that all attorneys be excluded from the sitting in question. He then granted the district attorney an adjournment until Monday in order that he might have time to prepare his application to the appellate division. Jerome protested that the time was not sufficient but Fitzgerald cut him short with the announcement that the trial must be concluded forthwith.

Unless Jerome should secure a writ of prohibition in the meantime, Fitzgerald is expected to announce Monday that he has confirmed the report of the commission and order the trial to proceed without further delay.

We Want Every Mother to Get Acquainted With Our Very Popular Children's Department

And, in order that they may do so, we have reserved next week as a special week for the display of Boys' and Children's Wearables, and invite every mother to attend. PLOT

BETWEEN HEARST, HARRIMAN AND ROCKEFELLER.

To Defeat Roosevelt's Policy and Control Next National Republican Convention.

Washington, April 5.—It was said on authority at the white house today that there is ample evidence at hand for the claim President Roosevelt holds that there is a movement afoot to defeat his policy in the next congress and in the next national convention. It is declared that the "Hearst-Harriman-Rockefeller combination" has already a fund of \$5,000,000 with which to carry on its campaign in opposition to the president.

It was further authoritatively said: "They are gathering up loose ends but the movement will flatten out. It is apparent in Ohio and Pennsylvania; in fact, it extends across the entire continent. The scheme was thoroughly divulged at a recent dinner and reached the white house through a friend of the president."

"The scheme of the people behind the movement is to buy newspapers, public men and others who may assist the opponents of the president in their work."

To Defeat Convention Plan.

It was also stated authoritatively at the white house today that part of the plan to encompass the defeat of the president's policy is the election of state delegates to the national convention from those states known to favor the president, these delegates to be instructed for President Roosevelt notwithstanding knowledge in advance that the president would not be a candidate for renomination. Then, according to the statement made, these delegates upon the president declining to be a candidate for renomination as he has said he would decline are to consider themselves free and are to be switched over to some opponent of the president and policies for which he is standing.

Bohn Syphon Refrigerators

The White Enamel Refrigerator company, of St. Paul, Minn., in selling us their remarkable refrigerators, authorize us to make every purchaser a guarantee, which is made good by a trial of the wonderful food keeper in actual use.

The Guarantee is as follows:

That the Bohn keeps milk, the most perishable food, sweet and wholesome 72 hours, proving absence of germ life.

That vegetables and fruits will not taint milk, butter and puddings in open vessels, when in the same food compartment, proving absence of dead air.

That matches kept in the food compartment 24 hours light freely—the supreme test of dryness.

That the Bohn maintains a temperature 6 to 15 degrees cooler than any other, with an equal amount of ice in a refrigerator of like size.

NOTE—Cold and dryness combined prevent germ life.

No other refrigerator is as dry or as cold.

That the active circulation of air is proved by a lighted match held at the bottom of the food compartment, where the current from the ice chamber will almost extinguish it.

That the food compartment is as large or larger than any other similar priced refrigerator, size for size.

You have the privilege of demonstrating that the Bohn Syphon Refrigerator actually does these things, by use in your own home. If it fails in any particular we will call for the ice box and refund you the entire purchase price.

On the Home Test Plan

WE ARE EXCLUSIVE SELLING AGENTS FOR THE BOHN SYPHON REFRIGERATOR and you can get this offer from no other merchant in this city.

We wish to assure every prospective buyer of refrigerators that this is no new experiment. It has been on the market for years; its superiority over every other method of refrigeration has been proved under severest official tests by all of America's great railroads, and as a result of these tests is in use today on every road, either in dining cars or refrigerator cars.

No matter what style of Bohn Refrigerator you buy, or price you pay, you get exactly the same Syphon System—exactly the same excellence of refrigeration methods that has given the Bohn the preference by railway car builders.

"GRANDMA" GRAHAM, Aged Female Bootlegger, Passed Away.

"Grandma" Graham, one of the most notorious bootleggers in this end of Tennessee and Kentucky, died suddenly last night at Mayfield and will be buried today in Graves county. "Grandma" Graham was a char-

cater well known in Fulton and Mayfield, Ky., and Dresden and Paris, Tenn., where she operated "blind tigers" during the past 25 years. She was about 50 years old, and had been in Mayfield ten years. Time and time again she had been indicted for bootlegging and fined in Graves county. Last night Dr. John Dismukes, Jr., was called to her house and found the aged woman in a fit of

coughing. He went to the drug store to procure medicine and on returning found her dead. She was a widow living alone.

Daily Thought.

From those I trust, God guard me; from those I mistrust I will guard myself.— From the Italian.

EXTEND THE CITY.

If Paducah would make the best showing possible in the census of 1910, it is time she was making preparation by taking in all the population, which rightfully belongs to her. The city runs north and south between natural boundaries, and all the territory likely to be inhabited by a strictly urban population for years to come in these two directions is included within the corporate limits. To the westward the growth of the city is phenomenal. That way nearly all the better class of houses are being built. It is the natural course of the city's growth and the city limits are not marked by a natural boundary. Streets are to be built and a suburb with street car facilities is to be laid out fully a mile from the corporation line. The proposal to take in that territory from the Mayfield road on the south to the Hinkleville road on the north, along a line even with the east side of Wallace park, should receive the serious consideration of the citizens. There are fully 2,000 people in the territory. The property is valuable and the houses of a character not only to enhance the aggregate value of city property, but to ornament her streets as well. The inhabitants of this territory receive practically all the benefits of city life, while escaping a share of the burdens of taxation. Out there is land being held for speculative purposes. If that was taken into the city and subjected to city taxes it would be put on the market, and building out there would be stimulated. It would be bad policy for Paducah not to make the best showing possible in the next census.

She is gradually overtaking Lexington and this fact should be shown. Lexington recently took in all her suburbs and then her comparative showing in the estimated census of 1906 was no better than Paducah's. Louisville is preparing to embrace practically all of Jefferson county, a project comparatively far more ambitious than Paducah's. Here the idea is only to extend the city limits to the natural boundary to the westward, as it has been north and south.

Whenever a newspaper editor or an advertiser says, "For every single instance where it has been a failure, hundreds of instances of its being a success can be produced," he should remember that he is talking to the Missourians.

Any theory, by omitting unavoidable conditions of practice, may be susceptible of plausible explanation. For instance, there is the free trade theory, that if unrestricted foreign competition is permitted, everything will be cheaper; the free silver theory that the more money there is, the more money there will be for everybody to get; the municipal ownership theory, that if politics is eliminated from municipal politics, everybody will get everything free, and the city will make so much money that nobody will have to pay taxes. In the first instance, the fact that labor also would have to be cheap was overlooked, and so when a Democratic congress got a chance at the tariff once each congressman tried to put everything on the free list that his constituents had to buy, and everything under a protective tariff that his constituents had to sell, and the result is still remembered. The free silverites forgot that money values are fixed by the world's trade, and that two silver dollars that will buy only a half pound are not worth as much as a gold dollar that will buy a pound. Any fool can sit down and figure out how much money a city can make by operating public utility enterprises. Most people, who have lost their money trying to operate something, have first sat down and figured out the profits.

THE CHICAGO ELECTION.

The defeat of Mayor Dunne as the Democratic candidate for mayor of Chicago is a defeat of the elements who have tried within the last few years to make the Democratic party the party of Socialism, communism, confiscationism, repudiationism, class hatred and a few other queer political doctrines. William Randolph Hearst, of New York, loomed over the horizon as the shadow back of Dunne, so in going down to defeat Dunne carried Hearst with him. The people would have none of either.

When apostles of hatred and revolution, masquerading as Democrats, are defeated it is a good thing for the Democratic party, for such a rout lessens the likelihood of their seizure of the party and its conversion into an organization standing for their ideas. If every time such alleged leaders appeared on the scene they were promptly vanquished by the popular vote they would eventually grow tired and quit their agitation, and the party would get back to the great first principles upon which it was founded. It is more important that the party doctrines be kept pure than that a few heretical individuals wearing the party label shall have office. The Democrats of Chicago are to be congratulated, therefore, upon election results which promise to terminate the control of their organization by men advocating creeds at variance with Democratic principles.

When the enormous majorities rolled up for Democratic municipal tickets in Chicago in former years are recalled, the reason of this election is obvious. By their own mismanagement and folly—by their efforts to force Democrats to accept political platforms loaded down with undemocratic rubbish and sophistry—the "leaders" have turned the city over to the Republicans. Leaders so incompetent and so inimical to true Democracy deserve to lose.—Courier-Journal.

In New York the plaintiff in a personal injury damage suit, removed a plate from his head and exposed his bruised brain to the view of the jury. Down here we hire lawyers to exhibit their own brains at the forum.

Little injury apparently was done the fruit crop.

PRESIDENT AND RAILROADS.

Mr. Roosevelt's letter to the president of the Illinois Manufacturers' association declining to deliver a speech at Springfield on the railroad situation is a reiteration rather than an enlargement of the president's hitherto published opinions. The letter is not of great significance its chief interest being in the fact that the president finds in recent developments a vindication of the position taken in his speech at Raleigh, N. C.,

last year, and in his message to congress on the railroad question.

The announcement in this connection that the president will again ask congress at its next session for the power to deal with the question of over-capitalization of railroads is noticed that the recent flurry in stocks will not change his attitude towards this problem. In other words Mr. Roosevelt stands by his guns. He will pursue the course he had determined upon before the disturbances of the last few weeks. He sees nothing in these developments to require any change in policy. Evidently he does not share the belief that the agitation of this question threatens disaster to all business interests.

The probability is that the president will find public sentiment and congress more responsive to his suggestion for legislation dealing with over-capitalization than ever before.

The people are not likely to become so excited or prejudiced as to destroy any industrial institution essential to the country's prosperity, but public sentiment is undoubtedly making great progress toward intelligent and careful consideration of every phase of the transportation problem.

If Mr. Roosevelt were merely a hot-headed agitator he would have taken advantage of the opportunity offered by the invitation of the Illinois Manufacturers' association. His response to this invitation leaves no doubt as to his position. It shows that he is not the least inclined to back down. It shows, too, that he appreciates the importance of deliberation and prudence in dealing with this problem.—Lexington Herald.

Fireman Fatally Hurt While Obliging Friend Whose Wife Is Ill.

Butte, Mont., April 5.—An act of generosity for a friend who was nursing a sick wife will cost Andrew Sanders his life. Sanders was scalded in a collision between the two crack trains on the Northern Pacific railroad yesterday near Garrison, Mont.

He had taken the run for the day to accommodate Fireman Taylor, the regular man of the North Coast Limited, and he failed to heed the warning cry of the engineer to jump when their engine crashed into the two engines pulling the Burlington Flyer. Sanders was pulled from beneath the wreckage in a delirious condition and continually raved.

"Taylor, old boy," he would shout, "I did it all for you. You are a married man and I am single. I can stand it. I am glad I did it. God bless you."

A number of passengers of the North Coast Limited sustained minor injuries, among whom is Miss Roy McRoberts, of Kansas City.

Illinois Central, for blocking Broadway at Eleventh street with cars, fine of \$50 and costs.

Fannie Murphy was acquitted of conducting an alleged disorderly house.

The case of nuisance against Ora Spencer, for an alleged disorderly house, was continued.

In the case against E. Bogard, colored, for obtaining 30 cents worth of groceries by false pretenses, a verdict for the defendant was returned.

The jury is out in the case against Chris Berger for selling liquor to a minor.

Suits Filed.

Suit was brought by F. G. Rudolph and William Leonard, administrators of Lizzie Leonard, against Martin Leonard and other heirs, friendly suit to settle the estate of the late Lizzie Leonard.

Jesse Jennings and others against Mary Jennings and others, for the settlement of the estate of the late T. N. Jennings.

Belle A. O'Brien against the Mutual Benefit Life Insurance company for \$3,000, a policy on the life of her husband, Pat O'Brien, who died February 25, 1905.

Grand Jury's Report.

The grand jury reported indictments as follows:

Charles Kellock, two indictments, one for breaking into the grocery-saloon of Oscar Denker at Eighth and Harris streets March 13, and for maliciously shooting at Patrolmen William Orr and Dick Wood; Clifton Fletcher and Milton Ross, for robbing Clara Whitney of \$1; Will Moore, for maliciously cutting H. H. Harrison; "Bearskin" Johnson, alias Jackson, for maliciously shooting Will Whaley; Bob Greer, for selling stolen sewer pipe for 50 cents; Doss Simmons, for converting \$15 of Sam Gauss to his own use; Mary Anderson, for obtaining \$7.50 in goods from J. J. Wilkins, alleging her husband worked at the railroad shops when he did not; Will and Ed Martin, for robbing J. H. Goodman of a watch and \$275 in cash; E. Bogard, alias "Slim," for obtaining 80 cents worth of groceries from J. SPRING FEVER DAYS.

If we might paraphrase a little we could aptly say "Now comes the Spring of our discontent."

With all the joys of the season—the first touch of balmy weather, the inspiration in the buds and blossoms, and green fields, the call of outdoors, come its concomitants, those fagged, tired out feelings, lassitude, dullness and headaches, incident to this climate—Spring fever in all that term implies.

Accustomed to it for years you demand a Spring tonic. Do you know the best Spring tonic is a breath of fresh air, rational diet, and exercise?

Osteopathy prescribes the fresh air, and rational diet and furnishes the exercise—scientific manipulation.

In all cases of disordered liver, or bowels or stomach—in conditions of impoverished blood, disturbed circulation and all spring ailments Osteopathy is now recognized as the most rational, the quickest and most efficient cure.

I should like to tell you at any time some of the great achievements of Osteopathy, if you are interested, or refer you to some of your friends who can and will gladly attest to what Osteopathy has done, or is doing for them. Come to see me at my office at any time from 9 to 12 a. m. or 1 to 5 at 516 Broadway. Phone 1107, Dr. G. B. Frazer.

IF A BOY, A SPANISH FLAG; IF A GIRL, A WHITE FLAG

Madrid April 5.—King Alfonso issued a decree naming the numerous official and diplomatic personages who will be privileged to attend the presentation ceremony which follows the birth of a royal child.
The decree also contains the following: "There will be displayed on that part of the palace called the diamond's point a Spanish flag if the child be the heir, and a white flag if it be a girl."
If the child is born at night, colored and white flags, respectively, will be shown.
With the least possible delay the baby is dressed and placed in a little basket standing on a golden salver. The king takes the precious burden in his hands, and followed by the members of the royal family, enters the saloon where the presentation ceremony is held. Raising the veil over the baby's face, the king says:
"I present to you my beloved son (or daughter) the successor to the throne of Spain, the prince (or princess) of the Asturias, to whom my dear spouse has just given birth."

PEOPLE AND SOCIAL EVENTS

Long Wedding Journey.

To be married and leave for a new home, 2,950 miles away, is not the experience of every bride, but Miss Maud Tucker of Tyler, daughter of J. R. Tucker, was married last night to H. B. Jacobs, of Toppensh, Wash., and they will leave in a few days for their distant home. Mr. Jacobs is a prosperous young farmer of Washington and came back to his old home a month ago apparently on a visit, but as it has developed, to claim his bride. The Rev. J. W. Blackard performed the ceremony at the bride's home.

Sans Souci Club.

Miss Faith Langstaff entertained the Sans Souci club most pleasantly yesterday afternoon at her home on Kentucky avenue. It was strictly a club affair with the club vacancies filled. The out-of-town guests present were: Miss Anita Wood, of Wichita, Kan.; Miss Bertha Foley, of New York; and Miss Carrie Well, of Cleveland, O. The club prize was won by Mrs. William Gilbert. Miss Carrie Well captured the visitors' prize. Mrs. James Campbell, Jr., received the booby prize. A delightful luncheon was served after the game. There were five tables of guests present.

D. A. R. Chapter.

Mrs. C. H. Chamblin is the hostess of the Paducah chapter, Daughters of the American Revolution, this afternoon, at the Hotel Craig. A patriotic program will be given after the business session.

Alumni Association.

The Paducah High School Alumni association is meeting this afternoon at the High school auditorium on Broadway. Beside the business session, "Arts and Crafts" will be discussed by Miss Ellen Willis.

Kalosophic Club.

The Kalosophic club met this morning with Miss Blanche Hills at her home on North Ninth street. It was an interesting meeting. "Current Topics" was entertainingly presented by Miss Philippa Hughes. Miss Faith Langstaff discussed James Sheridan Knowles and his play, "The Hunchback." Richard Brinsley Sheridan and his plays were featured by Miss Ethel Morrow. The club discussed Sheridan's "School of Scandal."

The Woman's Club.

The regular bi-weekly meeting of the Woman's club was held yesterday afternoon at the parish house of Grace Episcopal church. The business session was from 2 until 3 o'clock, and was largely attended.

The open meeting was in charge of the department of Clives and was an especially delightful occasion. The chairman of the committee, Miss Adine Morton, being prevented from attending by illness, the meeting was gracefully presided over by Mrs. Eli G. Boone, a member of the committee and corresponding secretary of the club, who presented the program in a happy manner.

Judge William Marble made a splendid talk on "Civic Beauty," that abounded in practical suggestions agreeably presented and was an inspiration to immediate action. "Go to work" was the thought emphasized throughout.

In a thoughtful address on "Pure Foods," Dr. Della Caldwell enforced many strong points, and emphasized the importance of milk in special being carefully inspected. She presented many forcible arguments to the housekeepers present for a careful consideration.

Mr. Saunders A. Fowler made a delightful talk on "Practical Gardening" from the flower standpoint. The necessity of flowers in civic life and improvement was strongly and poetically featured.

Miss Ethel Calliss sang very charmingly a "Gypsy Love Song." Miss Calliss's voice is one of unusual timbre and compass and gave much pleasure. Mr. Edwin J. Paxton, of the board of park commissioners, contributed an attractive solo to the musical program.

The next meeting of the club will be on April 18. The educational department will have the open meeting and Mrs. Herbert C. Mengall, Louisville, will address the club.

Box Parties At Flower Carnival.

The boxes at the Kentucky theater all will be occupied tonight by parties to witness the performance of "Carnival of Flowers."

The board of Aldermen: Messrs. Earl Palmer, Samuel T. Hubbard, C. H. Chamblin, Harry Hank, E. D. Hannan, Frank Smith, William Ba-Cream Cheese the pound 15c

ELOQUENT

ADDRESS DELIVERED BY HON. LAVEGA CLEMENTS LAST NIGHT.

"Knighthood Is Yet in Flower," Subject of Entertaining and Instructive Lecture.

Before an audience remarkably large, considering the weather, and representative in culture, the Hon. LaVega Clements, of Owensboro, delivered his lecture on "Knighthood Is Yet in Flower," for the first time in Paducah at the Kentucky last night. The lecture was under the auspices of Paducah Council, Knights of Columbus. The lecturer is a brilliant orator, and his mental grasp of his theme and command of language, place him well in the front ranks of platform speakers. He was introduced by City Treasurer J. J. Dorian, who in his usual happy fashion, put the audience and speaker in sympathy from the start.

After the lecture last night a private informal spread in honor of Mr. Clements was enjoyed at the Palmer House. Those who attended were Mr. John J. Dorian, Thomas Roberts, P. J. Feeney, traveling engineer of the Illinois Central; George Welkel, A. R. Meyers, Harry Collins, Morton Hand, Bernard Kavanaugh, Eugene Graves, Michael Williams, A. R. Grouse, Mr. Goff, of Owensboro, and the Hon. LaVega Clements.

ACCUSED OF \$75,000 SWINDLE.

**Texan Arrested on Charge of Con-
spiracy in Cotton Deal.**

Temple, Tex., April 5.—At the instance of the Santa Fe railroad, Chris Rodgers, a relative of W. R. Miller, who is alleged to have perpetrated a swindle aggregating \$75,000 by selling

money on bills of lading on 1,500 bales of cotton not backed up with the cotton, has been arrested here. The bills of lading, it is stated, were signed by the agent of the railroad company on the representation of Miller, and the road therefore accepted responsibility. The road claims that it has been made the victim of a conspiracy, in which not

alone Texans of high standing, but residents of New York City were involved. Rodgers gave bond in the sum of \$10,000, but Miller, against whom the actual charges of embezzlement are made has not been located.

DR. WILLIAMSON READY FOR TRIAL

**Waives All Preliminaries to
Investigation**

By His Own Request Board of Aldermen Is Inquiring Into Verbal Charges.

SEVERAL ORDINANCES PASSED

Investigation of the charge filed against Dr. H. F. Williamson, city physician for alleged neglect of duty will be gone into next Thursday evening, April 11, at which time the aldermen will sit in a body in a judicial capacity. Mayor Yelzer read the charge and stated, since Dr. Williamson had invited an investigation it should be made. Under the law five days' notice must be given the accused, but Dr. Williamson was willing to waive any time limit and stated he was ready to defend himself against the charge at any moment. As all of the aldermen were present Alderman Chamblin was in favor of investigating the charges now, but the city solicitor said that notice of the meeting should be given so the witnesses could be brought together at the appointed time. On motion of Alderman Hubbard next Thursday evening was set as the time to investigate the charge.

A complaint from property owners residing on West Jefferson street stated that the traction company had to date failed to lower the tracks on that street and asked that it be compelled to comply with the order. City Engineer Washington was present and stated that he had never given the grade to the company, but during the past summer he told the manager of the company he would do so at any time he was ready to begin

the work. Since then nothing has been said further. After some little discussion it was decided to have the city engineer give the grade to the company. Alderman Hannan thought the order should be given to the board of public works to have the work done, as the company claims it owns the strip in the middle of the street. The others were not in favor of this and the motion carried to have the engineer give the company the grade at once.

Garbage Contract Ratified.
The board ratified the contract to be made between Frank Waggoner and city to destroy all the garbage of the city for \$50 per month. The motion carried that the mayor have the power to approve the bond offered and to make any immaterial changes in the contract that might be necessary.

Application for a coffee house license by W. E. Berry, 208 Kentucky avenue was read as well as a petition for and against the granting of same. Mr. H. Ackerman was present and spoke against the issuing as there were two saloons at present close to the place, and that too many saloons would ruin the business of the merchants on that street. Mr. Frank Boone said most of the signers of the remonstrance were sub-tenants and others did not live on Kentucky avenue. On a vote the license was refused by vote of five to three.

The treasurer's report, compiled by the auditor, was received and filed. It showed on hand March 1, \$43,974.07; expended during month \$19,122.17; collected \$4,333.54; and a balance in the treasury of \$29,094.44.

Jewell Bros. applied for a liquor license at 1001 North Sixth street. At an application before the license was referred to a committee which has never reported. The application will be given consideration.

The report of the chief of police for the past month was received and filed.

The board concurred in the action of the lower board in receiving the finance committee's report and in authorizing the mayor to borrow money to settle with the General Electric company.

Ordinances Passed.
The following ordinances were given their second and final passage: Curbs, gutters and sidewalks on Seventeenth street between Broadway and Jefferson streets; for the improvement of Paxton avenue in Little's addition by grading and graveling; for sidewalks at Farley Place in Mechanicsburg; and for the improvement of Nineteenth street between Broadway and Guthrie avenue and Guthrie avenue from Nineteenth street to Mayfield road.

The board concurred in action of the lower board in referring to joint cemetery committee the matter of providing a horse for the cemetery and of purchasing rope to keep people back from the graves when a burial is being held.

Mayor Yelzer read a communication to the effect that the buildings at 200 Kentucky avenue and 123 Broadway were in a dangerous condition and the board concurred in the action of the lower board.

The reduction of the insurance rate on the power plant was read and the action of the councilmen concurred in.

Money was ordered refunded to the proper person for a license to

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.
Dear Doctor Knowlton:—
You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid. I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing something to show my appreciation.
Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all drug stores in three sizes. 25 cents, 50 cents and \$1. per bottle. **FREE.** To show how quickly Danderine acts we will send a large sample free by return mail to every one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address. Send 10 cents in silver or stamps to pay postage.

A MAKER OF HISTORY

"In the Place de Montmartre. But mademoiselle pardons—she will understand that it is a place for men?"

"Are women not admitted?" she asked.

Alphonse smiled.
"But—yes. Only mademoiselle understands that if a lady should go there she would need to be very well escorted."

She rose and slipped a coin into his hand.

"I am very much obliged to you," she said. "By the bye, have any other people made inquiries of you concerning my brother?"

"No one at all, mademoiselle!" the man answered.

She almost slammed the door behind when she went out.

"And they say that the French police are the cleverest in the world!" she exclaimed indignantly.

M. Alphonse watched her through the glass pane.

"Ciel! But she is pretty!" he murmured to himself.

She turned into the writing room, and, taking off her gloves, she wrote a letter. Her pretty fingers were innocent of rings, and her handwriting

She found something which he had considered it worth while to preserve.

was a little shaky. Nevertheless, it is certain that not a man passed through the room who did not find an excuse to steal a second glance at her. This is what she wrote:

My Dear Andrew—I am in great distress here and very unhappy. I should have written to you before, but I know that you have your own trouble to bear just now, and I don't want to bother you. I arrived here punctually on the date arranged upon between Guy and myself and found that he had arrived the night before and had engaged a room for me. He was out when I came. I changed my clothes and sat down to wait for him. He did not return. I made inquiries and found that he had left the hotel at 8 o'clock the previous evening. To out the matter short, ten days have now elapsed, and he has not yet returned.

I have been to the embassy, to the police and to the morgue. Nowhere have I found the slightest trace of him. No one seems to take the least interest in his disappearance. The police shrug their shoulders and look at me as though I ought to understand—he will return very shortly, they are quite sure. At the embassy they have begun to look upon me as a nuisance. The morgue—heaven send that I may one day forget the horror of my hasty visits there! I have come to the conclusion, Andrew, that I must search for him myself. How, I do not know; where, I do not know. But I shall not leave Paris until I have found him.

Andrew, what I want is a friend here. A few months ago I should not have hesitated a moment to ask you to come to me. Today that is impossible. Your presence here would only be an embarrassment to both of us. Do you know of any one who would come? I have not a single relative whom I can ask to help me. Would you advise me to write to Scotland Yard for a detective or go to one of these agencies? If not, can you think of any one who would come here and help me, either for your sake or your friend's, or better still, a detective who can speak French and whom one can trust? All our lives Guy and I have congratulated ourselves that we have no relation nearer than India. I am finding out the other side of it now.

I know that you will do what you can for me, Andrew. Write to me by return. Yours in great trouble and distress,
PHYLLIS POYNTON.

She sealed and addressed her letter and saw it dispatched. Afterward she crossed the courtyard to the restaurant and did her best to eat some dinner. When she had finished, it was only half past 8. She rang for the lift and ascended to the fourth floor. On her way down the corridor a sudden thought struck her. She took a key from her pocket and entered the room which her brother had occupied.

His things were still lying about in some disorder, and neither of his trunks was locked. She went down on her knees and calmly proceeded to go through his belongings. It was rather a forlorn hope, but it seemed to her just possible that there might be in some of his pockets a letter which

would throw light upon his disappearance. She found nothing of the sort, however. There were picture postcards, a few photographs and a good many restaurant bills, but they were all from places in Germany and Austria. At the bottom of the second trunk, however, she found something

which he had evidently found it worth while to carefully preserve. It was a thick sheet of official looking paper, bearing at the top an embossed crown and covered with German writing. It was numbered at the top "17," and it was evidently an odd sheet of some document. She folded it carefully up and took it back with her to her own room. Then, with the help of a German dictionary, she commenced to study it. At the end of an hour she had made out a rough translation, which she read carefully through. When she had finished she was thoroughly perplexed. She had an uncomfortable sense of having come into touch with something wholly unexpected and mysterious.

"What am I to do?" she said to herself softly. "What can it mean? Where on earth can Guy have found this?"

There was no one to answer her, no one to advise. An overwhelming sense of her loneliness brought the tears into her eyes. She sat for some time with her face buried in her hands. Then she rose up, calmly destroyed her translation with minute care and locked away the mysterious sheet at the bottom of her dressing bag. The more she thought of it the less, after all, she felt inclined to connect it with his disappearance.

A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

PERSONAL NOTE FROM MRS. EDDY

Explains About Her Appointment of Trustees

Bears Signature of Head of Christian Science Church and Is Filed.

QUESTION OF BEST COURSE.

Concord, N. H., April 5.—Mrs. Mary Baker G. Eddy issued a personal note today bearing on her appointment of trustees to handle her estate, as announced in the motion filed in the Merrimack circuit supreme court yesterday in the action brought to compel an accounting of her property. This note, which was sent out from "Pleasant View," bearing the signature of Mrs. Eddy, is as follows:

"I am pleased to say that the following members constitute the board of trustees who own my property:

"1. Hon. Henry M. Baker, who won a suit at law in Washington, D. C., for which it is alleged he was paid the highest fee ever before received by a native of New Hampshire.

"2. Archibald McLellan, editor in chief of the Christian Science periodicals circulating in the five grand divisions of our globe, also in Canada, Australia, etc.

"3. John E. Fernald, trustee of the peace and president of the National State Capital bank, Concord, N. H.

"To my aforesaid trustees I have committed the hard earnings of my pen—the fruit of my honest toil, the labor that is known by its fruits—benefitting the human race, and I have so done that I may have more peace and time for spiritual thought and the higher criticism.

"MARY BAKER G. EDDY."

Counsel for the plaintiffs in the Eddy case in a statement today said that it appeared to them that Mr. Streeter, the personal counsel for Mrs. Eddy, and those who have charge of her, have arrived at the same conclusions as to the incapacity of Mrs. Eddy to manage her business affairs that her son came to when he saw her in January last.

This suit, they declared, is not directed at Mrs. Eddy or at Christian Science. The position of the petitioners from the beginning has been that because of her incapacity to manage her business affairs, reformation as to the management, control and accounting thereof was necessary for her protection.

Now that the imperative need of this reform is conceded, counsel said, a remaining question would seem to be whether the interests of Mrs. Eddy will be best cared for and protected by a receiver appointed by the court or by trustees appointed by and acting practically as a continuation of the old regime.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The Tillman Lineage.

I am spoken of in the papers as a descendant of the crackers of South Carolina. I have taken the trouble to ask my mother who and what she and my father were.

She said my ancestors on both sides came from Virginia and Maryland, and got there before the Revolutionary war, and fought on the right side. She said the women were virtuous and the men not cowards; and I tell you I have as good a pedigree as any man who was ever born on the face of this earth. I don't care where he comes from.—Senator Tillman's Richmond Speech.

SIDESWIPE

FREIGHT TRAIN AND PASSENGER WAS WRECKED.

Fireman Charles Quinn Is Killed in Crash and Much Damage Is Done.

One man was killed and much damage was done to the rolling stock on the main line of the Illinois Central road at Du Quoin Ill., last night when the fast Chicago flyer No. 8, sideswiped a freight train, backing into the main line without a flag out to warn the passenger engineer.

Charles Quinn, a fireman on the passenger engine was killed. The train was running full speed when Engineer Edwards saw the freight, but he could not stop quick enough. Ruin being on the side next to the freight cars was caught when the crash came. The engine was knocked aside but did not turn over. The wreck caused a delay of several hours to all trains.

One Paducahan, Attorney Mike Oliver, was on the train and was badly shaken up, as was many others. Mr. H. S. Wells, of the Paducah Box and Basket company, returned from the north last night and was delayed by the accident. He watched the work of clearing the wreck several hours.

Better Roads in Graves County.

Mayfield, Ky., April 5.—It is up to the people of Graves county now to take action if they want any gravel roads this year. The fiscal court, this morning by unanimous vote decided, considering the condition of the finances of the county, that it would not be advisable to make an appropriation this year to gravel the roads. If the voters of the county want better roads it is up to them to ask for an election to vote on bonding the county. Esquire Pinson, road supervisor, will continue working the roads as long as his appropriations holds out. A large force of men are now engaged at work on the Paducah road beginning at the Crawford Anderson place and going north. The road is to be graded and gravelled and is being done by the Jeffrey Construction company. Mr. Jeffrey says he intends to make the best roads in the whole world. The road was gravelled several years ago to the Anderson place and now the road is to be completed to the McCracken county line.

Chickens From Running At Large. Owensboro, Ky., April 5.—The city council passed an ordinance to prevent chickens from running at large in the city.

DECLARE STRIKE OF TRAINMEN OFF

Accept Ten Percent Raise and Nine Hour Day

Federal Aid Effective in Bringing About Compromise On Western Roads.

BOTH MAKING CONCESSIONS

Chicago, April 5.—The differences between the western railroads and conductors and trainmen were finally adjusted today. The men abandoned their demand for a nine hour day, and the railroads made an advance over their previous propositions in the pay of baggagemen, flagmen, and brakemen of \$1.50 per month. The original demands were for an increase of 12 per cent, and for a working day of nine hours. The managers offered an increase in pay of 10 per cent, but declined to grant a nine hour day.

The agreement was reached mainly through the efforts of Chairman Knapp of the Interstate commerce commission and United States Labor Commissioner Neill. They formulated the final proposition on which both sides were brought together and the final adjustment was chiefly due to their labors.

The new agreement which goes in to effect April 1 this year, and is retroactive for the three first days of the month provides:

Pay of passenger conductors increased \$10 per month; baggagemen \$7.50; flagmen and brakemen, \$6.50.

The railroads are not to make any reduction in crews or increase in mileage for the purpose of offsetting the increased wages given passenger trainmen.

To Allow Good Overtime.

Overtime in passenger service to be allowed on a basis of 15 miles per hour, to be computed for such parts of the run separately. Overtime rate of 35 cents an hour for conductors and 23 cents for baggagemen, flagmen and brakemen. Thirty minutes or less not to be counted; over thirty minutes count one hour.

The pay of conductors and brakemen in through and irregular freight, local freight and mixed train service, is advanced 10 per cent. One hundred miles or less, ten hours or less, to constitute a day.

Overtime to be paid pro rata in through and irregular freight service except when schedule time of train is used as basis, the present hourly overtime rate plus the ratio of increase granted by this agreement is to be paid.

Overtime is to be paid pro rata in local freight and mixed train service, with the same exception as above.

One hundred miles or less, ten hours or less, are to constitute a day's work in helper pusher, and construction train service; overtime is to be paid pro rata. This class is given a 10 per cent, increase in wages.

Roads on a basis of more than 10 hours for a day in helper, or construction train service are to make no increase in rates paid for such service.

Will Be Rebuilt.

Sturgis, Ky., April 5.—The insurance adjusters of the various companies will be here in a few days to settle with the West Kentucky Coal company. The head superintendent of the company from New York is also expected in a few days to look over the work of the Monday morning's fire with a view to rebuilding. A steel tippie will be erected but the location is now under consideration.

Barometers were first made by Torricelli in 1643.

SAID TO RELIEVE ALL RHEUMATISM

This simple prescription is said to perform remarkable cures—in many cases of years' standing.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime. These ingredients can be obtained at moderate cost at any good prescription pharmacy, and are harmless and will not injure the most delicate stomach.

It has a peculiar effect upon the kidneys, assisting these most important organs to filter and strain from the blood the uric acid, etc., which cause the pain and misery of Rheumatism. As a blood cleaning agent and system tonic it is of unusual merit.

With rain in the air, the falling river may be checked, but it will take more than April showers to do it. The fall in the last 24 hours was 3.2, bringing the river down to 24.7. On April 5 last year the river was 39.4 on the gauge. Business at the river is good.

The United States light house tender Golden Rod, arrived late yesterday afternoon from the Tennessee river, where the lights and buoys were inspected. Today the Golden Rod went down to Cairo where several days will be spent in placing additional lights on the Cairo bridge. Monday the Golden Rod will return and go up the Ohio river inspecting lights.

It was a ludicrous sight this morning to see the rousters of the Kentucky unloading pigs. They carried the pigs on their shoulders, head downward and when they got to the pen, another rouster would grab the pigs by the ears and with much squealing from the pigs, help them down. The Kentucky had a tremendous trip of lumber and will leave on Saturday evening for the Tennessee river.

The Savannah arrived at 4 o'clock this morning from the Tennessee river and left at 6:30 o'clock for St. Louis.

With a tow of 40,000 ties, the Margaret arrived from the Tennessee

river last night and after unloading at Brookport, will leave Saturday for the Tennessee river.

The Sallito, with over a hundred Civil war veterans on board, arrived early this morning from St. Louis and left at daylight for the Tennessee river. A number of veterans boarded the boat here.

Inspectors Green and St. John will return next Monday to inspect the Maude Kilgore and the Clyde. The Inverness probably will be taken out on the ways today with a barge for repairs.

Harry Blackford went to St. Louis this morning on the Savannah.

The towboat Eagle with 27 pieces left Memphis yesterday for Paducah and will arrive here the first of next week.

The Scotia went to the Tennessee river yesterday after a tow of lumber.

The Joe Wheeler will arrive from Chattanooga Sunday and after taking on freight here and at Joppa, will leave Tuesday at noon on the return trip.

Both Lee packets should arrive on Saturday. The Peters Lee left Memphis yesterday and the Georgia Lee left Cincinnati on time coming down.

The John Hopkins was in and out in the Evansville trade today.

Henry Koph went down on the Dick Fowler this morning as second clerk.

Official Forecasts.
The Ohio from Evansville to Cairo will continue falling quite rapidly during the next several days, but at a decreasing rate at Evansville and Mt. Vernon.

The Tennessee from Florence to Johnsonville will rise slightly during the next 24 hours.

The Mississippi from below St. Louis to Cairo no material change during the next 24 to 36 hours.

The Wabash at Mt. Carmel will fall slowly during the next 24 hours.
